Loreen:

Exhibit A to P.A. #2 states that Covance will use "[c]ommercially reasonable efforts . . . to facilitate the transfer of data by e-Trials including topography . . . to the data management vendor designated by the Company." The Master states that notices go to Mary Westrick at Covance.

All you need to do is indicate that MDS is one of the vendors we designate to receive the information.

I suggest that you also take the opportunity to confirm that Covance and e-Trials have the appropriate confidentiality agreement. There is a confidentiality agreement between PM USA and MDS.

Let me know if you have any questions.

Kevin/Amy,

Is this OK from a Legal perspective??? Thoughts???

Thanks,
-L

I share your view!
Perhaps Bristow my draft a letter when she is back.
Best regards
Hans

Hans:
Please see Jeff Milhone's note below. I believe that is consistent with your thinking.

If you agree, I think it would be most appropriate if the communication he references should come from you. Let me know your thoughts.

It is my understanding that the scope of work for eTrials has not changed from what was first envisioned as they are merely transferring the data to MDS instead of Covance. The work that eTrials is doing is based on an approved subcontract and is ultimately covered as our subcontractor under Covance's agreement with Philip Morris. I believe all we need is something in writing from Philip Morris, a letter or formal email should suffice, referencing our contract and stating that we are authorized to share the information in question with MDS.

If you have any further concerns or wish to discuss it in more detail please feel free to contact me at (608) 242-2712 x2261.

Hi Valerie,

Just catching up on a few emails while I'm still away. I think a confidentiality agreement between etrials and MDS would be appropriate but there is no need for Master Agreement or Task Order.

Jeff, do you agree?

Jill

Hi Jill...I hope this finds you well after a great vacation.

I just wanted to follow-up with you on Hans' note below. I have been in discussions with the VP of contracts at MDS re the issue below. Hans was

under the impression that neither a confidentiality agreement nor a contract
would need to be established between etrials and MDS. I need to find out if
this is a correct understanding based on the existing agreement between etrials and Covance. Please let me know so that I can get back to MDS as

soon as possible.

Thanks,
Valerie
